

## Mustang 3200SE

The Mustang 3200SE is one of the most popular Australian-built sports cruisers in its class, renowned for its sleek lines, versatile layout, and strong performance. Perfectly sized at around 32 feet, it delivers the ideal balance between easy handling and spacious onboard comfort.

Powered by twin sterndrives Volvo Penta 4.3 Lt V6, the 3200SE provides responsive handling, efficient cruising, and the ability to comfortably explore bays, rivers, or open coastal waters.

The cockpit is designed with entertaining in mind--featuring generous wraparound seating, a wet bar, and easy access to the swim platform. Inside, the open-plan interior offers a well-equipped galley, ...
