

## Lagoon 440

Lagoon 440 | "Sioux"

2009 launch Lagoon 440, a well-regarded bluewater cruising catamaran known for its practical layout, sailing performance, and excellent liveability.

Designed by VPLP with Nauta Design interiors, the 440 features the signature flybridge helm with 360-degree visibility and all sail controls led to a centralised station. All 5 electric winches make short-handed sailing straight forward, while the internal helm provides additional control and protection in all conditions.

The proven gull wing bridgedeck design reduces slamming and improves comfort underway, making the 440 a capable offshore platform.
