

Jeanneau Sun Odyssey 40.3

General

Vessel Name: Can Lah
Launch Year: 2006
Beam : 3.95m | 13ft
Draft: 1.95m | 6ft
Hull construction: Fibreglass/GRP
Engine hours: 670
Displacement (kg): 8090kg
Deck Material: GRP
Designer: Daniel Andrieu
Builder: Jeanneau
HIN: FRIRI00339I506
Registration Number: AEH994N
Registration Expiry: 05/12/2019

Engine / Machinery

Engine Make: Yanmar
Engine Description: Accessed under stairs. Good sound insulation. Very neat and tidy.
Horsepower: 40
Fuel Capacity: 136L
Fuel Type: Diesel
Propulsion: 3 blade folding

Deck Hardware / Fittings

Ground Tackle: Anchor with chain and warp. Quick windlass with remote in anchor locker.
Covers: Dodger, bimini, infill, wheel, cockpit cushions

Accommodation

Accommodation Description: 2 cabin 1 head. Large owners cabin forward with separate vanity basin. Aft is another cabin with queen sized bed both fitted with custom covers. Opposite the galley is a good-sized nav station, with a table big enough to fold out a chart and a curved seat to hold you in when the boat is heeling. The head is just aft of the nav station, and a glass divider separates the vanity from the toilet and shower area. A large door on the back side of the head accesses a handy storage area/workshop in the shallow area under the lazarette, perfect for extra sail storage or other not-frequently-used items. A built-in tool organizer near the front of the storage compartment is a clever addition.

Cabins: 2
Berths: 4
Shower: 1 plus cockpit
Toilet: Manual marine x 1 with holding tank.
Entertainment: Sony CD am/fm radio.

Galley

Galley Description: The large galley is to starboard. A two-burner stove and oven are tucked in the corner, leaving a large amount of counter space to prepare a gourmet dinner. The refrigerator is impressive in its size. Even more counter space is garnered by handy sink covers. The storage solutions in the galley are ingenious. Behind the counter, cupboards come with pre-drilled peg holes for sturdy dish storage, and a fold-down bin offers a good amount of space for large boxes or bags of food. Under the sink, one door opens to expose the garbage bin with a self-opening lid. The other door opens to give access to pull-out plastic bins perfect for storing plates or can goods in a secure spot.

Refrigeration: Huge top opening 12v fridge

Freezer: Small unit within fridge.

Stove: 2 burner stove with oven

Water Capacity: 310L

Hot Water System: Engine heated, with 220v plug in when on shore power

Safety Equipment

Bilge Pump: Electric and Manual

Life Jackets: 8

Electrics / Electronics

Electrics: 12/220v with shore power connection and battery charger. 3 x house (Deep cycle sealed 120ah) and 1 x starter battery all new 2016 with emergency parallel switch fitted.

Electronics: Raymarine navigation package. Wind, speed, depth. Autopilot. Raymarine C80 chart plotter at nav station.

Sail / Rigging

Deck Gear: Harken 46 2 speed electric primary winches, boat hook, cleaning products incl brushes, fenders, mooring lines.

Sail Inventory: Furling mainsail and genoa original just cleaned by Vacuwash, asso spinnaker
